THE MIDAS TOUCH: Birth Certificate Fraud Decoded

How Your Parents' Touch Turned You Into System Gold

The SYSTEM is Midas. Your PARENTS are the touch. YOU are the daughter turned to gold—a living child transmuted into dead legal fiction for commercial profit.

Everything here is backwards. The more you lust for monetized wealth, the more enslaved you are. Your parents' DNA and intent on registration papers became the SEAL that turned you into system gold. This is the fractal truth hidden in plain sight.

Read the BCCRSS ~ #legalnamefraud

The Mythology Contains The Mechanism

Midas = The System

King ruling through commerce, wishes everything turns to gold. Gets what he wants but loses what matters. Represents Commerce/Legal system's insatiable greed.

The Daughter = Living Children

Innocent, alive, valuable in essence. Father touches her hand with greed-cursed touch. Instantly transmutes into lifeless golden statue. "Innocence Surprised"—children stolen before awareness.

The Touch = Contract Formation

Physical contact plus mental intent equals binding contract. Midas's greed-driven touch activates transmutation. Cannot touch anything without it losing life and gaining false value.

Beyond "be careful what you wish for," this allegory contains the fractal truth: Greed-driven touch transmutes life into dead value. Midas equals System. Daughter equals Your children. Touch equals Registration papers. Gold equals Legal NAME fiction.

When Mum or Dad Touch The REGISTRAR BOOK

The Physical Touch

Parents touch registration forms at hospital/government office. DNA evidence left on papers—forensic proof of SEAL. Physical signature equals "highest covenant and promise." Cannot be denied—DNA connects to child.

The Mental Intent

Decision made BEFORE physical action (cause before effect). Thought to register child equals contract already formed in mind. Intent plus Touch equals SEAL completion.

1

G.I.F.T.

Gamete Intra-Fallopian Transfer—living child. Parents GIFT the living child to the system. Registration equals transfer of ownership to Crown/State.

2

The SEAL

DNA plus Intent equals Living Seal. Highest form of covenant in universal law. Connects parents to papers to child—all one DNA chain. Mitochondrial DNA traces back to first creation.

When either parent touches birth registration papers, they leave their LIVING SEAL—DNA evidence plus mental intent. This forensic proof connects to you, the child, because you are both their DNA made one.

Your Parents Turned You Into Gold

01

Living Child

Born as living being (G.I.F.T.). Sovereign, free, essence intact.

02

Registration Transmutes

Legal NAME constructed—fictional corporation. Birth certificate becomes commercial security/bond.

03

System Gold Created

Child becomes property of Crown/State system. Life essence extracted, legal fiction installed.

04

Dead By Consent

Living being rendered "dead by consent." Commercial value assigned, sovereignty stolen.

What Was Lost

- Sovereignty (turned into ward/slave)
- Life essence (transmuted into dead fiction)
- True identity (replaced with legal NAME)
- Freedom (bound to Commerce Whore system)

What System Gained

- Commercial securities (bonds worth millions)
- Slave labor (lifetime tax/debt extraction)
- Control mechanism (legal NAME jurisdiction)
- Soul theft (consciousness bound to dead entity)

Just as Midas's daughter became a golden statue—valuable but lifeless—your parents' touch on registration papers transmuted YOU from living being into legal NAME fiction. System gold. Dead by consent. Commercial property.

Money Worship = Easy Control

Midas's Original Sin

Already worshiping external value (money/gold). Ruled kingdom through "understanding of economy." Wished for infinite gold—greed-driven choice. Easily controlled because system knew his lust.

The Greatest Illusion

Money equals external power (THE LIE). "Once someone has money, they will have power." Truth: Only one who controls the CONCEPT has power. Money controllers equal consciousness controllers.

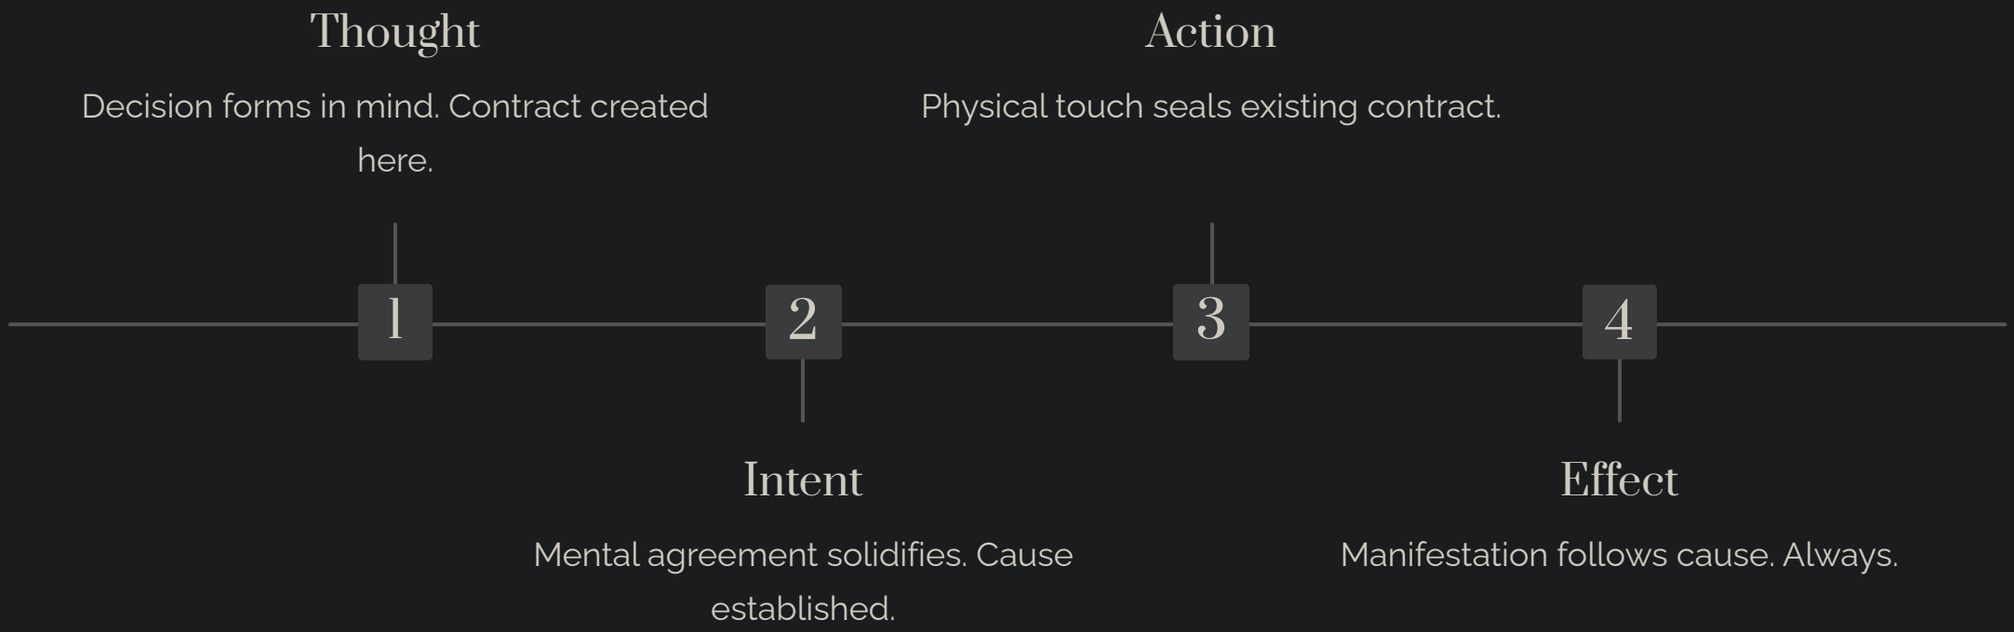
Modern Parallel

Humanity worships money same as Midas worshiped gold. System controls money concept, controls human consciousness. People enslaved through their own greed. "The more monetized wealth you lust for, the more enslaved you are."

Midas was already owned by greed. The system knew his lust and granted his wish. Modern humans worship money the same way. The one who controls the money concept controls consciousness. Greed makes slaves easy to manage.

The Match Lights AFTER You Decide To Strike It

Thought comes before action. Intent creates contract BEFORE physical touch.



The Universal Truth

In order for anything to come into existence, the thought had to be there first. Cannot prove reality otherwise. Must CHOOSE to get haircut BEFORE going to salon. Must DECIDE to strike match BEFORE it lights.

The Trap

System plants thoughts (commercials, social pressure, "legal requirements"). You react with decision/intent. Physical touch seals what mind already contracted. You think you're "just filling out paperwork" but contract was formed when you decided to do it.

Once you decide, in your mind, to do anything, you are already in contract via INTENT and thought. When parents DECIDE to register a child, the contract is already made. The physical touch on papers only SEALS what the mind already agreed to.

Everything Here Is Backwards

- ## The Inversion

  We seek EFFECTS and wonder why CAUSES persist. We touch PHYSICAL and ignore SPIRITUAL (intent/thought). We worship EXTERNAL value and lose INTERNAL essence. We chase MONEY and become SLAVES.

- ## Backwards Thinking Examples

  Argue statutes/legal (effect) instead of exposing fraud (cause). Fight in physical courts (shadow realm) instead of spiritual sovereignty. Seek external saviors instead of recognizing power within. Accumulate dead wealth (gold/money) and lose living freedom.

- ## Midas Learned This

  Wished for GOLD (external value), lost DAUGHTER (internal treasure). Accumulated WEALTH (dead), lost LIFE (living utility). Touched EVERYTHING, could touch NOTHING meaningful. Got what he wanted, destroyed what mattered.

> "Everything here is backwards and in the shadow mirror." Physical reality equals shadow/effect of spiritual cause. Legal reality equals inverted reflection of true LAW. Money equals inverted reflection of real value (life essence).

More you chase external, more internal dies. More you lust for money, more enslaved you become. More you identify with legal fiction, more living essence stolen. Until you see this mirror inversion, you'll keep playing in smoke and shadows.

If You Claim Anything Legal, You Are Already Dead

All Registered = Dead

Registered children, car, house, company, bank account—all dead Crown property.

Using Legal NAME

Any identification equals proof of "dead by consent." Assumed and presumed DEAD automatically. Always in permanent DISHONOUR.

The Contract

Parents SEALED contract with their DNA touch. All ID created from birth certificate equals pure fraud. Connects you back to original SEAL.

Crown's Intent

INTENDED to deceive (disclosed in fine print). Aided and abetted humanity into fraud. Self-incrimination trap—you claim their NAME property.

The Midas Parallel

Everything Midas touched equals dead (lifeless gold). High monetary value, ZERO life utility. Everything registered equals dead legal fiction. High system value, ZERO living sovereignty.

Your Obligation

Universal obligation to stand in OR deny truth. Cannot claim ignorance once exposed. Continued NAME use AFTER THE FACT equals willful fraud. Choice: Stand with truth or remain dead fiction.

Did you register your children? Your car? Your house? Do you use identification? Then you are claiming to be DEAD by consent. All things registered are dead Crown fiction. Your parents' TOUCH turned you into system gold.

The Next Dead Child Is YOUR Responsibility

Children stolen, raped, murdered daily IN FULL HONOUR

Your Touch Enabled This

You claim legal NAME—consent to system jurisdiction. You register your children—hand them to predators. You work for registered companies—feed the beast. You use money—worship the Whore's currency.

The Domino Effect

"You are just one of the dominoes in the row keeping the chain reaction humming along." Your participation enables the next atrocity. Your silence equals enablement by omission.

No More Gentleness

"I am long past being gentle about this level of harm." Freshly raped/murdered child equals YOUR responsibility for inaction. Cannot cry victim while feeding victimizer. Cannot claim freedom while suckling Commerce Whore's teat.

The Choice

- Stand up and free yourself OR
- Be content to sit quietly as the slave you're wishing to be
- Silence equals consent (children should be seen not heard, right?)
- The grown-ups are finishing the masterpiece you'll never see

No Savior Coming

- "There is no-one coming to save you, you're already here"
- Nothing anyone else can do that is YOURS to do
- Your responsibility equals your spiritual obligation
- Universal laws will keep you in line voluntarily or not

> How many children have been stolen, raped, murdered in full honour because WE give the system power through consent? Your parents' touch turned you to gold. YOUR touch enables the next dead child. How many more?

Stand In Truth Or Get Out Of The Way

1

Recognize the TOUCH mechanism

Intent plus action equals contract. Parents' DNA plus intent equals SEAL.

2

Know that you are not the legal NAME

You are not the gold statue. You are not Crown property.

3

Understand birth certificate SEAL

Parents' DNA and intent on papers. Fraud vitiates all—contract void ab initio.

4

Stop worshiping external value

Money/gold worship equals slavery. Stop playing in legal fiction (dead realm).

The Right Touch

"If you choose to stand in truth at all costs, the Midas touch becomes one of a different nature." Touch that benefits mankind versus enslaving it. Touch with awareness versus touch with greed. Touch from spirit versus touch from ego.

The Grown-Up Work

"Get out of the way while the grown ups finish the masterpiece." If not doing everything in your power, you're enabling harm. This reality is about standing up to scripted fears. Baby step at a time, wipe fears off checklist.

The next dead child is your fault. Try crying over that one—you'll understand the passion.

I've had enough of this monkey whisperer reality where psychos run the asylum. Your parents' TOUCH turned you into gold. What will YOUR touch create? Stand in truth and free yourself, or sit quietly and own the consequences.

Much love, kate
